

Dear Families,

June 2017

It's good to finally feel warm days upon us as a sign that summer is here! The children are certainly excited to begin their break! While summer is certainly a time for vacations and relaxation, we want to be sure that the children continue to sharpen their reading skills and avoid the "Summer Slide." We are happy to be kicking off our "**Summer Reading Fun,**" where we provide students with reading opportunities that meet their interests and abilities.

Please visit our school website where you will find the Summer Reading instructions. This is where you will find the books and projects that the teachers have chosen for our **Summer Reading 2017** program. **Incoming** students for grades **Pre-K to Grade 8** can find their books and projects by clicking on their particular grade link on the website. You can also find links to additional resources for our school families to use to encourage your children to read all summer long, as well as resources for promoting their Keyboarding, Computer Programming and STEM skills.

**To access the Summer Reading documents:**

**Go to our website:** <http://www.staugustinenj.org/school/home.html>

**On the left side:** click the "sunglasses" by *Cool Reads For A Hot Summer*

**Happy Reading!**

Sincerely,

Sr. Mary L. Shulas, MPF  
Principal

"The more you **read**  
the more **things** you know.  
The more that you **learn**  
the more **places** you'll go."  
-Dr. Seuss
